Bangalore/Sri Lanka Trip

Fred and one of Global University's programmers, Josh traveled to Bangalore, India and Sri Lanka in July to give advice to our friends in India on how to use our Online Bible School there, and providing training to translators in Sri Lanka. God was with us during this time and 12 Bible courses have been uploaded since arriving back as a result of our partnership with the national churches!

Sri Lanka (below): We took a trip to the Kitigula Mountains of this island nation. While gathering footage, our host mentioned that we have 40 Tamil students studying on tablets in the isolated region shown in the picture!

India (left): Our friends on the ICoM staff in Bangalore. (above): One of the house churches that has been planted as part of India College of Ministry. We can not report exact numbers. But we can say that we have over 2/3 of our goal for students and over 67% of church plants!

Bangalore, India (below): Fred brings greetings to the pastors of the Karnataka District from Global University

Colombo, Sri Lanka (left): Fred worked with the Sinhala translator for the Fire Bible and also met with the man who was instrumental in getting Sinhala script on computers! Sinhala is very difficult to work with on computers and this kind of networking is vital to getting difficult projects completed and can only be done in person.

Kovach Praise and Prayer

† Please continue to pray for wisdom and God's anointing on the India College of Ministry project. It is a large project that will take several months to complete.

† We are thankful for safe travel and God's anointing on Fred as he traveled to India and Sri Lanka. We are also thankful for the partnership that resulted from this trip! At least a dozen courses have been uploaded since arriving back home.

Phillip, Stephen and Hope's Corner

Hello everyone! Stephen here again with the quality journalism you know and love from the Kovach Kids Corner! School is in full swing now, and we've all been busy rushing around to our various activities. Lately, Phillip has been busy recording audio for a short album for band local to Springfield. He also ran live audio for one of their live shows! Hope is doing fantastic in her figure skating endeavors, as usual! Recently, she has passed her Juvenile Freestyle Skating test, and she will soon be competing at the Pony Express Championship in St. Joseph, Missouri! I've been busy learning how to defy the laws of gravity using the laws of physics at flight school! At the time of writing, I have just over 2 hours of time logged as flying a plane! As long as I continue to put hard work into my schooling, I anticipate receiving my Private Pilot's License at around mid-December of this year! That's about all there is for now, hope you have a wonderful Autumn!
